An Introductory Guide to Wharton Undergraduate Student Clubs

Wharton Council E-Booklet
2018-2019
Dear Wharton Students,

Welcome to another exciting year for clubs at Wharton! Thank you for taking the time to learn about how our clubs – comprised of undergraduate students from Wharton and Penn overall – enhance the student life experience throughout your time at Wharton and Penn. Through full-day conferences, weekly events, general body meetings, on-campus recruiting facilitation, and more, our clubs and club leaders provide endless opportunities for you to engage and explore your interests within Wharton. From marketing consulting to stock pitching to treks to New York City, clubs serve to educate outside the classroom while also building community and camaraderie.

This packet is a great reference to help you find which Wharton clubs and organizations are the best fit for you. We strongly encourage you to attend Clubbing Night, which will happen in the first week of classes to talk with club representatives and find out how to get involved, attend initial general body meetings, see what communities you identify with, and overall have fun! If you don’t want to join anything yet, no problem - wait until Spring or join in another semester.

Every club has a New Student Programming (NSP) initiative. NSP events are designed specifically for new students like yourselves to help you learn more about the club and also join a community as soon as you get on campus. On each club’s page below, you will find details about their NSP initiative. NSPs are a great way to get involved, and we highly encourage that you take advantage of them! Additionally, each club has a page on Campus Groups, Wharton’s online interface for club-student interaction. We recommend you join clubs’ and Wharton Council’s campus groups page, as it is a great way to stay tuned of upcoming events.

We hope that you will find this packet of information useful as you begin to explore how you will engage the Wharton club community. The Wharton Council oversees this body of clubs and we hope to serve as your resource as you find your place at Wharton. Please do not hesitate to reach out to us or the Wharton Undergraduate Division with any questions or concerns!

See you at Clubbing Night!

The Wharton Council – whartoncouncil.org
The Wharton Council’s mission is to foster a more complete co-curricular experience for the entire Wharton undergraduate community. Our mission has two parts: clubs and traditions. The Wharton Council supports our clubs through funding, recognition and events such as the Wharton Undergraduate Leadership Forum and End of Year Club Awards Night. We also foster community through our school-wide social events called Traditions such as the Business of Life Lecture, Hostile Takeover: Wharton’s Game of Assassins and the monthly Wonderful Wednesdays at Wharton.

The Wharton Council recruits six members from the freshman class at the start of each spring semester. We will host an information session in December and another in January. We have an application, two meet-and-greets and two rounds of interviews.

For more information, please visit our website at whartoncouncil.org!

Black Wharton Undergraduate Association (BWUA) is a mentorship driven organization dedicated to enhancing the collegiate experience and accelerating the professional aspirations of our members. In order to meet these goals, BWUA provides its members with internship information, interactive business conferences, community service opportunities, and alumni networking among other initiatives. BWUA holds monthly general body meetings to share information on strategies to succeed while at Penn. Our organization is open to all Penn students.

**Structure**

The BWUA board is comprised of the appointed and elected board members. The appointed board contains nine positions: Director of Professional Development, Academic Development, Community Service, Alumni Relations, Marketing, Co-Chairs of the Howard E. Mitchell Memorial Conference, Freshman Liaison, Chair of the Black Ivy League Business Conference, and Chair of BWUA Consulting. The elected board members are decided by active BWUA members in a standard voting process. The elected board comprises the President, VP of Finance, VP of Internal Relations, VP of External Relations, and VP of Corporate Development. Each board member can elect to form a committee, although this varies on a semester basis. The HEMM Conference, BILBcon, and BWUA Consulting have committees.

**Events**

*Howard E. Mitchell Memorial Conference (HEMM):* Established in 1986, The HEMM Conference is held in honor of Dr. Howard E. Mitchell, a former professor at Penn dedicated to corporate social responsibility and diversity. This conference features a career fair from partner firms in finance, consulting, technology and retail industries. Students gain great exposure to a variety of corporations in the Financial Services, Consulting, Technology and Retail industries.

*Black Ivy League Business Conference (BILBCon):* Established in 2016, The Black Ivy League Business Conference is a conference whose purpose is to bring together ambitious and high-achieving minority students across all Ivy League institutions for two days to offer them a unique platform to collectively further their professional development.

*Galvanizing Adolescents Toward a Legacy of Achievement (GALA):* Launched in 2009, the GALA reaffirms BWUA’s institutional commitment to civic engagement and corporate social responsibility. Each year, BWUA honors one local organization whose exemplary work supports, uplifts, and inspires members of our Philadelphia community.

*Freshman Luncheon:*

Launched in 2006, the annual BWUA Freshmen Luncheon serves as a kickoff to a new school year and an introduction to BWUA for freshmen. The luncheon provides a chance for incoming freshmen to foster a community among themselves and meet current BWUA members.

**New Student Programming**

Our incoming freshmen are welcomed with the annual Freshmen Luncheon where our freshmen are introduced to the BWUA family and served an incredible meal. Following the Freshmen Luncheon, BWUA hosts Freshmen Fridays to bring together our freshmen and new BWUA members twice a month to build meaningful relationships among themselves.

**Available Positions**

In addition to becoming a general body member or participating in our NSP, members will be able to apply to join the BWUA Consulting committee as a Consultant working for a local Philadelphia business client or join the committee for BILBCon.

**How to Join**

Visit our website at www.blackwharton.com or email us at blackwharton@gmail.com to get involved. For more information or questions regarding BWUA, contact Dotun Adejare, President: adedotun@wharton.upenn.edu
We aim to promote the academic study and professional practice of marketing among University of Pennsylvania students by providing a forum for students, field experts and community leaders to share their knowledge and creativity. In short, we’re the go to club for all things marketing.

Structure

MUSE consists of three parts: the executive board, committee members, and general body members. All 11 committees are recruiting in the Fall – including our nationally award-winning Case Team and our Fortune 500 Consulting Teams. All schools/years/majors are encouraged to apply!

Opportunities

Consulting: Every semester, MUSE partners with ~8 businesses and ~5 nonprofits to provide professional for-profit and pro-bono consulting services. In the past, MUSE has worked with Coca-Cola, GoodWill, and Merck. No prior experience or specific major necessary!

Conferences: We host two annual conferences. (1) MARC (Marketing, Advertising, Retail, Conference) which connects companies like Macy’s, L’Oreal, and more to undergraduate students for internships and jobs. (2) WUMC (Wharton Undergraduate Marketing Conference) provides a day of educational and networking opportunities for all students.

New Student Programming (NSP): For our NSP series, we will be co-hosting Consulting Camp with WUCC and PIIC. Consulting Camp provides an opportunity to learn consulting hands-on. MUSE will be focusing on marketing frameworks that are essential to consulting and case interviews.

And More: There’s still 8 more amazing committees, covering things like an annual case competition (past companies: vitaminwater, eBay, Hershey’s), web analytics, innovation, Social Impact, Finance, and more. Learn more here - there’s a place for everyone!

How to Join

We’ll have an information session in the fall, and applications will be released that day. We highly recommend applying to multiple committees! For more information, contact Jessica Kim, president, at musepenn@gmail.com or visit our website at www.musepenn.org

The Penn Fashion Collective is an organization for anyone on Penn’s campus with a passion for fashion. Students with even the slightest interest are welcome to explore the various opportunities we supply to network, learn about, and experience the fashion industry through a multitude of perspectives. As the fashion hub on Penn’s campus, we in the Penn Fashion Collective are dedicated to giving fashion a voice in an otherwise pre-professionally driven environment. Part of our club functions as the CFDA of Penn, as we support and nurture new and emerging design talent to showcase in our annual fashion show. Penn International Impact Consulting provides pro-bono consulting services to non-governmental organizations (NGOs) across the globe. By applying our learned business acumen, we partner with NGOs to create sustainable social impact via on-site and off-site consulting operations. In our history, we have collaborated with over 50 NGO’s to develop peace initiatives, build community infrastructures, and empower abandoned women and children in developing countries across the globe. We believe in scalable, measurable results.

Structure

PIIC (pronounced “peak”) is organized into 4 to 6 consulting teams, each composed of 4 Associate Consultants and led by 2 Senior Consultants. Each team works with an NGO remotely (off-site) during the school year and travels to the NGO headquarters (on-site) during the summer. All Associate Consultants are guaranteed a spot on these summer consulting trips. This past summer, we had four on-site trips to Guatemala, Singapore, South Africa, and Sri Lanka.

Associate Consultants are also responsible for working directly with the Executive Board and Senior Consultants to advance the mission of PIIC by organizing campus-wide events, managing PIIC branding, and assisting with corporate partnerships. AC’s gain consulting experience throughout the school year and develop leadership experience sourcing and organizing international trips from the ground up. By joining PIIC, AC’s can expect to gain skills including Business Development, Marketing, Design, and Business Strategy.

In addition, all PIIC consultants will participate in a number of training sessions led by alumni at top tier consulting organizations throughout the school year.

New Student Programing

Impact Consulting Panel: Speakers from top consulting firms will be discussing what the industry is as well as deep-diving into social impact consulting.

Consulting Interview Workshop: Aims to equip attendees with skills and a preliminary understanding of how a case interview works that could be useful beyond PIIC’s interview process.

How to Join

In the fall, we recruit for a new cohort of Associate Consultants. We recruit from all schools, years, and majors. Following two information sessions held during the beginning of September, the written application will open. If selected for an interview, candidates should expect to meet with board members and be assessed on their dedication to social impact, moral integrity, and ability to think flexibly. In the second round, candidates may be asked to showcase presentation skills and review a case. SC and Executive Board membership is reserved for returning PIIC consultants.

For more information or questions regarding PIIC, check out our website (penniic.com) or contact Ricardo Pena, President: ricardop@wharton.upenn.edu

SIC provides pro bono consulting services to social sector organizations, including social enterprises, non-profit organizations, and B corporations, with the aim of increasing their impact. Even as we partner with impact oriented clients and empower them to best achieve their goals, we focus on the personal and professional growth of our consultants. SIC provides undergraduate students with an invaluable opportunity to apply the frameworks and theories learnt in the classroom to solve real problems. We believe that it is our responsibility to seek to have a positive impact on the community we live in. Through our two-fold focus on our clients and consultants, we aim to generate the greatest amount of social impact.

**Structure**

We benefit from a very flat structure. The president, vice president, and 5-8 project leaders sit on the executive board. Each project leader leads a team of 4-5 student consultants in working with a particular client over the course of the semester. Some of our past clients have included the Make A Wish Foundation, Girl Scouts of America, Unreasonable Group, Water Equity, and Philadelphia Fringe Arts.

**Events**

*Semester projects*: Each team works closely with client organizations to address strategic, operational, or financial challenges by applying the talents, skills, and insights developed in the classroom or taught during training sessions.

*Training sessions*: Regular training sessions are hosted by leading consulting firms or senior SIC members every semester to enable student consultants to develop skills relevant to consulting. Some examples include financial modeling, marketing, pricing, etc.

*Recruitment events*: Exclusive meet-and-greets hosted by professionals from top consulting firms for club members.

*Case Team Events*: The SIC community benefits from a tight social fabric which often arises in tandem with case team social events. Be it yoga, making ice cream, or going to a 76ers game, SICers feel they can learn from and grow with each other outside of a client setting.

*New Student Programming*: SIC will be collaborating with other consulting and social impact oriented clubs to create consulting and social impact sessions that are open to all students.

**How to Join**

*Available positions*: Consultants, no restrictions for class year or concentration

Applications will be made available early in the semester. We will host at least 2 info sessions to recruit student consultants. For more information or questions regarding SIC, contact Yasmin Mulla, President: yasminm@wharton.upenn.edu, or Akanksha Santdasani, Vice President: akans@wharton.upenn.edu. Wharton Europe is Penn’s undergraduate professional organization dedicated to bringing together European students and those with a professional interest in Europe. We pursue our three primary mandates through corporate, educational, social and philanthropic events:

1) To expand Penn’s network in Europe so as to give Penn students a greater exposure to employment opportunities in Europe and conversely to ensure students from Europe receive the same opportunities and access to top firms in the US as their peers
2) To educate Penn students about politics and business in Europe
3) To create a solid alumni and student network for Penn alumni and students working and interning in Europe: we want to make it as easy to meet and work with alumni in London or Istanbul as it is in New York

STRUCTURE
Overview: Wharton Europe is a project-based organization with a virtually flat structure in which all board members work together to take on work of equal importance to carry forward the mission of the club. The club is event-driven, with focus being on bringing speakers and events to campus pursuant to our mandates. Every board member is expected to commit at least 2-3 hours to the club per week.

UPCOMING PROJECT HIGHLIGHTS
Partnership with Swedish Chamber of Commerce: In October, we are hosting an event with the Swedish Chamber of Commerce, in addition to other European organizations in Philadelphia, to network regarding possible job opportunities and also discuss European-related issues.

HOW TO JOIN
By following us on our list-serve, students are regularly informed on upcoming general body meetings and events. We encourage students interested in joining to attend and introduce themselves to the board, even prior to recruiting season. Come elections, all Penn students are encouraged to submit candidacy statements for individual board positions online. Subsequently, the board meets with the candidates for presentation of statements and voting. Those who are interested in the club but unable to commit the same amount of time as a board member are welcome to join our general member list of 350+ members.

Please look out for our New Student Programming Event in September, which all freshmen are encouraged to attend. We will be discussing basic things like what it is like to be a European at an American university, how to get involved in Wharton Europe, how to get involved with other European activities on campus, and any other simple freshman questions. All are welcome!

For more information about Wharton Europe, please feel free to reach out to the current club president:
